In our Classroom....

Literacy

Last month our class began the Daily Five, which consists of 5 different literacy tasks that have been found to be most effective in increasing literacy skills and enjoyment of reading and writing. Students learned the first task, "Read to Self" and have worked very hard. We are so impressed with how quickly our students increased their reading stamina! They did so well that we were also able to start "Read to Someone" during September! We will continue working on these 2 components of Daily Five during the month of October.

We also began Writer's Workshop last month, starting with a unit called *Launching the Writer's Workshop*. We will continue this unit during the month of October.

Math

We finished our first unit in mathematics on patterns. We started our second unit on Numbers from 1-20. We will continue with the concepts identified in the parent letter sent home a couple of weeks ago. We have also started to implement weekly Math Centers with our grade one students on Friday afternoons. Fun, fun, fun!!!

You and Your World

September was a very busy month for You and Your World! We learned about Bus and Playground Safety, practiced Lockdowns and Fire evacuations. We also spent a lot of time learning how to be a friend. This month our focus will be on Personal Safety, Stranger Danger and Healthy Eating Habits. Fire Prevention Week is also this month.

Happy Thanksgiving!

Long weekend for students

We want to wish all of our wonderful students and their families a happy Thanksgiving! This is a special time of year to be thankful for all that we have in our lives, and we are very thankful to have your children in our classes. We adore each and every one of our students and commend you for doing such a great job raising your children. Please take the time over their long weekend to enjoy your children and have some quality family time. Enjoy!!
