## Notes from the teacher:

- √ Students are expected to study their Spelling words and Math facts **every** night.
- √ Students are expected to read and log **every** night.
- √ Please check your child's agenda **every** night and sign both the homework and the log.

Students will work together to create scripts, describing what our week was like here at school. They will take turns each Friday reporting from our classroom, video the newscast, and then I will upload it to my webpage. Having a REAL audience is so important for students, so please check out their work on Fridays. Students who do not have permission to be published will not take part in this learning opportunity as a reporter, but will help in other ways.
